

Fun and New Friends at the First Open House of the Year

Cynthia J.

The first NWCA Open House took place on the 23rd of September, and it was a success for both our current and future families. This year, parent volunteers brought their children along for some fun activities, and the families who visited the school got to see the teachers and students working and playing together.

The younger NWCA students were treated to games with Gao Laoshi, who even set up a giant hopscotch grid right in the middle of the preschool area. Upstairs, Li Laoshi lead the upper grade students through a multiplayer Mahjong game. During their tours of the school, interested visitors saw what it's like to be a student and part of the community.

Thank you to Gao Laoshi and Li Laoshi for the activities and to all the families who took part. It is always great for NWCA families to get together, even during an open house. There was lots of good conversation, good times for the students, and some visits from new families that will be joining the community soon!
